EASTBOUND SH 114 TO SOUTHBOUND SH 121 BRIDGE OPENING NorthGate Constructors to partially open new direct connector bridge

GRAPEVINE (October 5, 2017) — NorthGate Constructors will partially open the second of five new direct connectors this weekend on the SH 121/360 interchange construction. The new bridge will take eastbound SH 114 traffic to southbound SH 121 and allow for the current bridge to become a dedicated connector from eastbound SH 114 to southbound SH 360. Below are the lane closures needed to complete this work:

1. **Closure: Eastbound SH 114 off-ramp to southbound SH 121**
Dates: 8 PM on 10/6 to 6 AM on 10/9
Detour: [Click here for a detour map to William D. Tate Avenue.](#)
2. **Closure: Southbound SH 121 from westbound SH 114 to Stone Myers Parkway**
Date: 8 PM on 10/6 to 6 AM on 10/9
Detour: [Click here for a detour map to William D. Tate Avenue.](#)

At the same time, southbound SH 121 from westbound SH 114 to Stone Myers Parkway will shift to the left onto new pavement. This will be the first traffic switch of three before the new eastbound SH 114 bridges to southbound SH 121/360 open to its final configuration. For those traveling through the area this weekend, please plan accordingly and add extra time to your commute. All construction work is dependent on weather conditions.

The \$61 million SH 121/360 Interchange project will add new direct connectors for SH 114, SH 121 and SH 360 that will minimize weaving, reduce congestion and improve safety in the area. The improvements were included in the original \$1.6 billion DFW Connector project, but funds were not available at that time to deliver the entire scope. These improvements are now funded as part of the Texas Department of Transportation's Texas Clear Lanes initiative, which aims at improving congested corridors across the state.

For information about construction of the DFW Connector, including all current and upcoming lane closures, visit dfwconnector.com, or call the toll-free hotline at 877-411-4212. The DFW Connector can also be found on Twitter (@DFWConnector) and Facebook (DFW Connector Project). For information about the Texas Clear Lanes initiative, visit www.texasclearlanes.com.
